Brilliant Start Academy
Child Information Form

I understand that upon enrollment and periodically throughout my child's enrollment, my child will be screened for age appropriate abilities and that these results will be shared with you. There will also be ongoing assessments based on the infant/toddler guidelines or the early learning content standards. These results will also be shared with you at parent teacher conferences or as the teacher deems appropriate based on the needs of your child.

I agree that if my child has been identified as special needs, I will share information with Brilliant Start Academy. This information includes, but is not limited to, the child's IEP.
